

MEDIROM Healthcare Technologies Inc. Announces May 2022 Key Performance Indicators (KPIs)

Total Customers Served: 77,291 – Sales Per Customer: JPY 6,461 – Customer Repeat Ratio: 79.6%

New York/June 21, 2022 – MEDIROM Healthcare Technologies Inc. (NasdaqCM: MRM), a holistic healthcare company based in Japan (the “Company”), today announced its major Key Performance Indicators, or KPIs, updated for the month of May 2022. Data is provided for all salons for which comparative financial and customer data is available and excludes certain salons where such information is not available.

The following monthly KPIs provide insight into the business fundamentals and progress of the Company, updated for the month of May 2022.

- The number of salons was 308 in May 2022, down from 313 in the year-ago period.
- Total customers served increased to 77,291 in May 2022 from 66,604 in the year-ago period. The increase is primarily attributed to the increase in the number of salons with available financial and customer data, and the recovery from the impact of COVID-19.
- Sales per customer increased to JPY6,461 in May 2022, up from JPY6,370 in May 2021. The increase is attributed to the upselling of value-added optional services.
- Our repeat ratio, a measure of repeat customers, decreased to 79.6% in May 2022 from 80.6% in the year-ago period.
- Our operation ratio increased to 50.1% in May 2022 from 48.7% in the year-ago period. The increase is primarily attributed to the increase in the total customers served.
- The total number of salons with data increased to 232 in March 2022 from 212 in March 2021. The increase is attributed to the completion of the replacement of the customer management system in certain salons. The number of salons with data decreases when we close salons with data available and increases as we open salons with such data.
